Buchanan's Graduates.

In the list, incomplete in this number, published on the following pages, will be found the names of a large number of men who are practicing medicine under the "sign" of regularly graduated physicians. That some, in this list, are really graduates from the notorious "mills" of Buchanan, we do not deny; for some of his institutions had the legislative power of granting degrees. But where you find one name in this list representing a legitimate graduate, you will find many that represent "graduations" purchased with dollars only.

In this list it will also be noticed that the *State* is frequently omitted; again, that the person is represented as being from some other State than from the one in which he had really been registered. Both of these are simply ruses taken to throw the scent from the track. The name must, from the necessity of the case, be genuine. Hence the State is of little or no value.

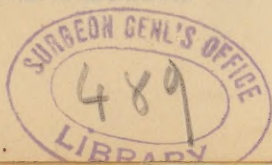

Another point to remember is, that Buchanan's graduates are numbered by the *tens of thousands*; hence many holders of his diplomas will not be found registered here at all. If their names are not found in this list, IT IS PRIMA FACIE EVIDENCE OF FRAUD.

Again, all diplomas of "LL.D.," "Doctor of Dental Surgery," or of "Graduate in Pharmacy," from Buchanan's Colleges are *fraudulent*; there never was any legal power to grant these degrees from his institutions.

Again, any diploma coming from the "Livingstone University of America" is fraudulent.

Again, all diplomas of "The American University," dated prior to 1868, are fraudulent, as it was not incorporated till 1867. The degrees that it could legally grant, were M. D., A. B., A. M. and D. D.; all others are *fraudulent*; even the vast majority of the legitimate or legal degrees were given for money only.

Again, any diploma from the National Eclectic Medical Association, if coming from Buchanan's shop, is worthless. The presidents of the *genuine* Association are as follows: 1870, John W. Johnson; 1871, James R. Duncan; 1872 and 1873, C. Edwin Miles; 1874, W. M. Ingalls; 1875, Benjamin J. Stow; 1876, O. H. P. Shoemaker.

Again, as many of the fraudulently issued diplomas were antedated, the following will be of use in judging of a diploma's merits:

Any diploma bearing John J. Siggins' name, is fraudulent. He says he never signed any.

Any diploma, after 1876, bearing David Diller's name, is fraudulent.

Any diploma, since 1878, bearing James Cochrane's name, is fraudulent.

Any diploma, since 1878, bearing the name of R. A. Simpson, is fraudulent.

Any diploma, prior to 1879, bearing C. H. Kenroth's name, is undoubtedly fraudulent.

Any diploma, since 1870, bearing Philip A. Bissell's name, is fraudulent, as he says he has not been connected with Buchanan's institution since then.

Any diploma, bearing the name of A. P. Bissell, is undoubtedly fraudulent.

Any diploma, bearing the name of John J. Fullmer, other than for the sessions of 1878-79 and 1879-80, is fraudulent.

Any diploma from the above-named "university" not bearing the name of John Buchanan (some such have been issued), is fraudulent.

Any diploma, bearing the name of "F. C. Waters," "Richard Forbes," or "James Robinson," is undoubtedly fraudulent. The recent faculty say they believe them to be myths, as they never heard of them.

Any diploma or certificate, notarially signed by Philip A. Cregar, is to be looked upon with suspicion.

Besides the list of "graduates," we shall also give, in a future number, the names of those who have received express packages from him; about five out of six of these names represent fraudulent diplomas.

As both lists will be arranged alphabetically, it will be quite easy for any of our readers to use them for reference.

For much of the list we are indebted to the *Philadelphia Record*, but have received a part of our information from the man who was instrumental in securing "Buck's" arrest in Michigan. We allude to Dr. Jennings.

Subscribe now if you want the remainder of the list.

TWO YEAR SUBSCRIPTIONS. If any of our subscribers find it handier to enclose \$1.00, we will credit them with subscription for two years to LEONARD'S ILLUSTRATED MEDICAL JOURNAL. Many have so remitted since our last issue.
